Please confirm that if the airport allows me to fly without a mask, then your airline will also allow it.

Thank you,

Aaron Abadi

The airports and embassies here in the USA are required to follow US laws based on CDC guidelines.

These laws require them to respect my disability and allow me to fly without a mask.

My question to you is if the airline will cooperate with that and allow me to fly without a mask too?

Thank you

Aaron Abadi

I have no other way to reach you.  
Please fod this to the correct department.  
Thank you!

I have a sensory integration disorder, which is a medical disability that causes me not to be able to wear a mask or a face shield. I carry around a doctor's letter (attached) to that effect, that also states that I already had Covid, which would indicate that there is no significant health risk, as the CDC clearly states that covid reinfection ise I have already flown several times without a mask on airlines that agreed to amodate me.

CDC Guidelines and federal laws exempt someone like me from wearing a mask. Additionally, DOT instructed the airlines to allow people like me to fly without a mask.

Federal ADA laws require that you provide an amodation for disabilities.

I would like to travel on your airline.

Can I travel on your airline without a mask?

Or can you provide an amodation that will allow me to use your airline?

Thank you in advance.
